

Thou Shalt Not Kill

either in

MEXICO OR COLORADO

Workingmen! Have YOU any property interests in Mexico? If not, why should you or your fellow workers go to kill or be killed to protect the interests of the Hearsts, Rockefellers, Guggenheims or other capitalists?

REFUSE TO BE A MURDERER

for the benefit of the rich blood-suckers. But, if you

Want to Fight

join the cause of

Labor Against Capital

and help us defend the

Colorado Mine Workers

who are being ruthlessly slaughtered by the very masters who urge you to protect their interests in Mexico.

COME TO THE

Protest Massmeeting
