**AN OPPORTUNITY TO ACQUIRE LIMITED EDITIONS
OF THE ART OF ANARCHY PRINTS BY FLAVIO
COSTANTINI**

Cienfuegos Press offers to collectors the opportunity to acquire strictly limited editions of silk screen prints numbered and signed by the artist, **Flavio Costantini**.

Flavio Costantini is the "war artist" of the Anarchist movement whose colourful and graphic illustrations capture dramatic and tragic moments in the history of the libertarian class struggle for social, political and economic justice.

Every work in this collection has been painstakingly reproduced from the original, appropriately modified by the artist for the transposition to silk screen print and then personally approved, numbered and signed by him.

These superb limited editions are expensive — the prices range from £37 to £50, including post and packing — but a large percentage of the profit goes to the Black Cross for its work in sending aid to libertarian prisoners and their families throughout the world.

We also offer a three-colour laminated poster, The Pyramid of Capitalism, by the same artist for £1.00 inc. p+p. All the proceeds from this poster go in aid of the Black Cross (ed. of 1000)
