

London Federation of Anarchists,
40 84b, Whitechapel High Street,
London, E.1.

Dear

We are planning on a permanent London office for the LFA, which will be a place for central activities, general information and ordinary social gathering; where, in fact, comrades from London and visiting London can get together, and be put intouch with activity generally. It will also be a general office for our national and international organisational work. We have been offered accommodation at Freedom Press' new premises, and we want to ascertain that we shall always be able to pay our way.

We are therefore planning an 'LFA RENT LIST', and hope you will co-operate. The idea is that by regular monthly payments (preferably by bankers order) we shall know where we stand, and have a rent income - either at these or future premises - without last minute calls on those who normally attend. We are asking all comrades to give what they can, but in particular we hope that those who are not otherwise active for various reasons will give commensurately. We need about 30 donors at £1 monthly, and suggest a top limit to any one person of £5 per month. The amount to be subscribed is of course left to the subscriber.

Would you be prepared to co-operate in this venture?

Yours fraternally,

Secretariat LFA.
