## WHO GAINS FROM WAR?

### TWENTY FOUR YEARS AGO

Twelve million men were killed and millions more completely disabled in the "War to end War,"

Today we are nearer to World War than ever before. Who will gain from World War? Do the Generals, the Bankers, the Arms Racketeers, the Industrialists and Party Leaders stand in the Front Line Trenches?

### FIGHT FOR YOUR LIFE

We will not die for a cause in which we have no interest. We will not defend a Freedom we do not have. We will not murder our brothers in other lands.

### WHAT YOU CAN DO

The Time has come for the last drive against a new World War. Deeds now, not words. We are few, but we will resist. We call on you to resist also.
